Subject: Wrapping up FY 18 with the Industrial NEI

Andi and John,

I spoke with Ryan this morning and he agreed that yes **Ex. 7(A)** needs an addressing memo which I believe will come from Cheryl since she did the inspection. That facility will count as assessed and addressed for the NEI.

For Minntac, **Ex. 7(A)**
assessed for purposes for the NEI.

Before John leaves, I would like to do a cumulative assessment of what we've done in the Industrial NEI during the 3 years we've tracked our work. Why ? Because I would like to be sure we have an accurate count of the NEI universe and what we've accomplished before the NEI transitions into something else. perhaps we can just use the data steward meeting on September 11 to wrap everything up. Sound ok ??
